06. Where we are

01

WHO WE ARE

We have taken the first steps in the world of clothing professional in 1970.

Two generations have succeeded one another in a company that at first was only leading familiar. Over the years we have kept the enthusiasm intact and the energy that characterizes it.

Today we can say we've come a long way.

We have dressed more than 10,000 companies in Italy and in the world, bringing style and the quality of Made in Italy in the five continents.

Thanks to our staff, we feed the constant desire of update on trends market and an approach young and fresh mental.

Combining reliability, experience and creativity, we managed to take up challenges more and more demanding and to grow together with our customers.

We are aware that for conquer them, you have to be able to amaze them.

For this reason we aim to on the uniqueness of our proposals, with refined, fashionable articles and innovative fabrics, following the philosophy of Unconventional Corporate Clothing.

02 MISSION

We're a small reality, but we intend to affirm the value badge of the Italian Style also abroad, thanks to our collaboration with companies of international caliber.

What we want to offer you, through our services and products, is the distinctive quality of the Made in Italy.

For us, workwear is more than just a tool: is a vehicle for communication, that will make your employees, and will allow you to transmit your values to the customers.

This is the spirit that guides us: bring style to companies of the Italian dress, with in addition our sartorial touch. Our consultancy service is unique and we are ready to accompany you in the choice of your uniform Corporate.

Cast Bolzonella is dressing Italian in the everyday work. Our aim is to show that the high quality of the italian dress is within everyone's reach.

- Denis Bolzonella

03

WHAT ARE WE DOING?

Over the last few years, we've come across the challenges they have presented us with our customers and we have managed to grow up and specialize in different sectors of work clothing.

We have created spaces dedicated to people looking for the different types of clothing for business.

WORKWEAR

CERTIFIED CLOTHING

CORPORATE

HO.RE.CA.

03.1

WORKWEAR

Professional clothing is a working tool in all respects. It must be comfortable and functional to the type of use, to fulfill all the needs of the tasks and the context in which your employees operate.

Work clothing is also a communication tool very effective company. For this reason we complete the service, we offer with the advice from our experts, to accompany companies in the choice of a coordinated and flexible outfit. All this adapts to the needs of each employee enhancing the corporate image.

Our catalog is full of proposals, but our office style can design uniforms completely unique, inspired to your business reality.

We offer the possibility to customize clothing company with embroidery, prints and labels.

03.2

HO.RE.CA & SHOP

A well coordinated image is an integral part of each and every marketing strategy.

Uniforms coordinates can be a great way to convey the values of your brand and improve enhance customer experience.

The uniforms for welcoming the public are in fact an opportunity for the recognition of your staff and contribute to the image that your people perceive and brand awareness.

Each store is a small universe in itself and having a uniform coordinate that matches the image is a must.

The company values the sense of employees' affiliation.

This allows your business to be immediately recognizable to the customers.

For this reason the outfits that we're going to study for you, will be unique and will have to communicate the passion that the your staff puts in their own work.

We have created proposals of uniforms coordinated to meet the needs of shops, franchising, sales outlets, restaurants, chains, company shops, corner and store that are the essence of reception to the public.

This is why the project was born www.bolzonella.style.

On this site you can browse our proposals for different types of sales points. It deals with ideas and ideas to show what we could make for your company or your chain.

03.3

ELEGANTE BÜROUNIFORMEN

The uniform identifies who it represents or he works for a company. Having a distinctive aspect, which is a symbol of the of the values of a company, with elegance and character, is the essence of a work uniform.

Suits and uniforms for woman are the ultimate expression of elegance in office wear. They are particularly suitable for roles, where the first impression is important, they are in fact transmitting seriousness and professionalism. Men's suits are the highest class shape in workwear. Transmit authority and reliability and are characteristic of professions in which appearance plays an important role.

All our jackets and our pants are made of fabrics very valuable, with treatments innovative that guarantee exceptional performance in terms of wearability throughout the arch of the day.

Your requests, always more complex and more and more stimulants, have motivated us to the creation of a space entirely dedicated to you and in which to let us get excited with you guys.

The website www.bolzonelladivise.com is a successful experiment, for whom we have to thank you, Our customers.

03.4

CERTIFIED CLOTHING

For some operational activities are required special clothing, for the safety of operators.

The legislation requires them to be acts, in order to protect it, against one or more risks likely to threaten the safety or health during work (art. 40 Italian Legislative Decree 19 September 1994, n. 626).

They are subject to strict regulations that certify its function protective in different areas, such as for example high visibility, risk chemical, flame retardant, antistatic ESD, cold store or anti-spotting.

In our catalog you can find a wide choice of clothing certificate, but you can also realize models on request, depending on specifications needs.

03.5

EU ECOLABEL CERTIFIED CLOTHING

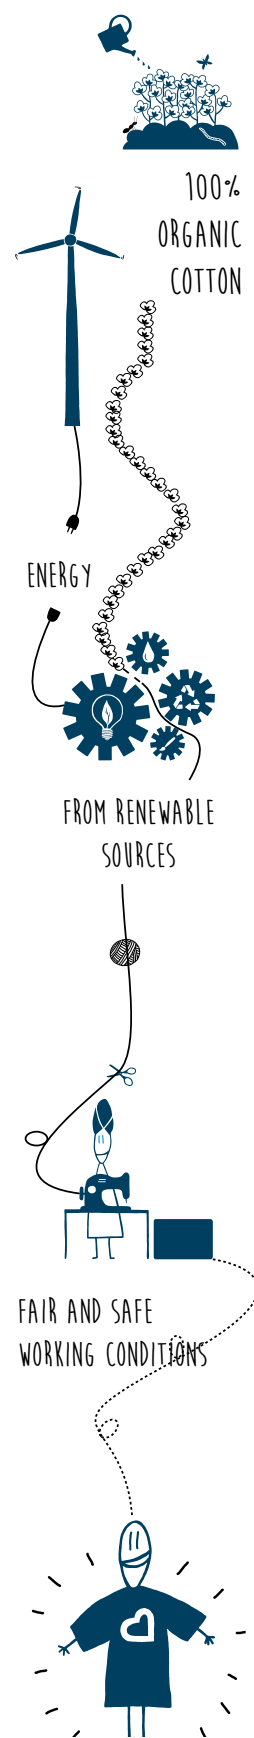

EU Ecolabel is the quality label ecological of the European Union, created to certify products characterized by a reduced impact environmental and high standards in quality and performance terms.

EU Ecolabel is made of cotton from ethical crops, and sustainable, and has been produced by with energy from renewable sources.

This added value, combined with a greater awareness of consumers and institutions, explains because today's certified uniforms ecolabel are a requirement important for the participation of many tenders.

Provide to your employees or collaborators this kind of clothing, be it t-shirts, sweatshirts or pants, actually it means making a choice that preserves the environment for generations to come, an investment in the future.

03.6

CLOTHING CERTIFIED OEKO-TEX

We have different lines of dresses and complete that bear the mark OEKO-TEX®.

This international brand certifies that the production process and the materials used are harmless to human health and environment.

To guarantee non-toxicity, the entire production system of our garments is subjected to strict controls. This brand is becoming more and more popular, and you can find it in many textile products of the large distribution, as proof of the increasing attention of the customer to the environment and one's health.

04
